Why MCIS from Amity Online - Study Abroad?

Amity Online - Study Abroad offers comprehensive support for students, addressing everything from minor tasks like program registrations and the admission process to major challenges such as VISA applications and documentation. Beyond administrative assistance, Amity Online - Study Abroad ensures comprehensive language classes and cultural training, preparing students thoroughly for their international journey. This equips students with the skills, confidence, and additional advantages that are necessary for success, enhancing the entire overseas experience.

Amity Online - Study Abroad Advantages

- Save time & money studying abroad
- Waiver for GRE/GMAT/IELTS
- Balanced industry-aligned curriculum
- Global exposure and connections
- Smooth academic progression
- Financially rewarding programs
- Counseling support at every step
- Cutting-edge technology integration
- Alumni status
- Simplified VISA procedure

Why pursue your MCIS abroad at Colorado State University?

AACSB-Accredited Program

Colorado State University's MCIS program is AACSB-accredited, a distinction held by only a small percentage of business schools worldwide. Being one of the earliest programs established in the country, it offers a rich academic heritage, ensuring students receive top-quality education and industry-relevant skills. This recognition opens doors to global career opportunities and positions graduates among elite professionals.

STEM Designation Advantage

The MCIS program's STEM designation is a significant advantage, especially for international students. Graduates are eligible for OPT (Optional Practical Training) extension, providing them with up to three years of work authorization in the U.S. This extended period allows students to gain substantial real-world experience, enhance their employability, and secure long-term overseas career positions.

Gain Applicable Business Experience

The program integrates advanced technical knowledge with practical business applications, bridging the gap between theory and practice. Students work on real-world projects, gaining hands-on experience in managing business information systems. This experiential learning approach equips them with the problem-solving and analytical skills necessary to excel in dynamic business environments.

Empowers Career Advancement or Career Change

The MCIS program is ideal for students aiming to upskill or pivot to a new career path. With a curriculum focusing on new-age CIS competencies, graduates gain a competitive edge in the tech industry. The comprehensive skill set prepares students for leadership roles in IT management, data analysis, and system design, making career transitions smoother.

High Earning Potential and Career Placement

With an MCIS degree from Colorado State University, graduates stand out in the job market. The program's strong industry connections, career placement support, and high-quality curriculum contribute to higher starting salaries and better career advancement opportunities. The degree signals to employers that graduates possess the expertise to drive business growth through technology.

Why Study in USA?

- Home to 25% of the world's top 100 universities, the USA offers unparalleled academic excellence.
- With over 4,000 universities offering 34,000+ programs, USA provides an extensive array of educational opportunities.
- The USA invests \$500 billion annually in research, fuelling innovation across diverse fields.
- Remarkably, 1 in 5 CEOs worldwide earned their degree from the USA, underscoring its influence on global business leadership.
- Over 1 million international students choose the USA annually, fostering a vibrant, multicultural learning environment.
- International graduates in the USA enjoy up to 3 years of work permit, enhancing their career prospects significantly.

Roadmap to Success

Student Reviews

I would like to extend my gratitude to the entire Amity Online - Study Abroad team who made it so easy for me to live my dream of experiencing overseas education. They helped me at every step of the study abroad application process, which left me with ample time to focus only on my academics.

Eishvak Sengupta

To any student considering abroad education, I strongly recommend the Amity Online - Study Abroad Pathway program since it's more than just a pathway to your master's degree abroad; it's a transformative journey of personal and academic growth. From the initial consultation to the moment I stepped foot on campus overseas, the support I recieved was unparalleled.

Piyush Arora

I am glad to have been a part of the Amity Online - Study Abroad Pathway Program. According to me, what sets the program apart is its personalised approach. Unlike other service providers, they didn't push me to pick from the pool of several foreign universities but, took the time to understand my academic interests, career goals, and financial constraints to recommend the best-fit institutions. This tailored guidance was invaluable and was a great add-on to the many benefits of studying abroad.

Mahek Sharma

Career Opportunities

MCIS in the USA offers diverse career opportunities

The average salary of MS in CS graduates in the USA varies depending on several factors, including job role, industry, location, experience, and skills possessed. On average, however, MS in CS graduates can expect higher salaries compared to those with only a bachelor's degree. According to Payscale, the average base salary of MS in CS in USA is around \$110,000 per year. However, this number can vary on your experience level and other factors. Over the past four years, 95% of graduate students from CSU's College of Business have secured career opportunities related to their program of study.
