Why pursue your MBA in Information Technology abroad at Lawrence Technological University?

Focus on Leadership and Technology Integration

The program emphasizes combining advanced IT skills with leadership development. This dual focus equips students to take on executive roles where they can lead digital transformation initiatives and drive innovation within organizations.

AACSB Accreditation

LTU is among the 5% business schools worldwide accredited by the AACSB International. This prestigious accreditation ensures high-quality education and provides graduates with increased credibility in the job market, positioning them for career success.

Industry-Relevant Curriculum

The MBA in Information Technology program is designed to align with current industry demands, focusing on real-world applications of IT management, cybersecurity, and data-driven decision-making. This prepares graduates to handle complex IT challenges in business environments.

STEM Designation

The program holds a STEM designation, which is particularly advantageous for international students. This designation not only signifies a strong analytical and technical foundation but also offers extended Optional Practical Training (OPT) periods, enabling students to work in the U.S. after graduation for up to three years.

Career Placement Support

LTU has a dedicated career services team that provides personalized career guidance, internships, and networking opportunities with top employers. Graduates benefit from strong job placement rates, and LTU's connections in the tech and business sectors open doors to high-paying roles in IT management and consulting.

Roadmap to Success

Student Reviews

I would like to extend my gratitude to the entire Amity Online - Study Abroad team who made it so easy for me to live my dream of experiencing overseas education. They helped me at every step of the study abroad application process, which left me with ample time to focus only on my academics.

Eishvak Sengupta

To any student considering abroad education, I strongly recommend the Amity Online - Study Abroad Pathway program since it's more than just a pathway to your master's degree abroad; it's a transformative journey of personal and academic growth. From the initial consultation to the moment I stepped foot on campus overseas, the support I recieved was unparalleled.

Piyush Arora

I am glad to have been a part of the Amity Online - Study Abroad Pathway Program. According to me, what sets the program apart is its personalised approach. Unlike other service providers, they didn't push me to pick from the pool of several foreign universities but, took the time to understand my academic interests, career goals, and financial constraints to recommend the best-fit institutions. This tailored guidance was invaluable and was a great add-on to the many benefits of studying abroad.
