Why pursue your MBA in Project Management abroad at Lawrence Technological University?

Practical Project Management Expertise

The MBA in Project Management at LTU provides students with hands-on knowledge aligned with the Project Management Institute's (PMI) standards, equipping them with real-world skills in managing projects effectively. Graduates also become eligible to pursue PMI certifications, which are highly recognized in the industry.

Specialized Curriculum in Agile and Global Leadership

LTU offers a range of specialized courses, such as Agile Project Management and Global Leadership, allowing students to develop the expertise needed to manage complex projects in a globalized business environment. This diversified curriculum helps enhance leadership and problem-solving skills for managing cross-cultural teams.

STEM-Designated Program

LTU's project management concentration falls under its STEM designation, providing international students with the added benefit of applying for extended OPT (Optional Practical Training), which can boost career opportunities in U.S. after graduation.

Industry-Relevant Faculty and Networking

The MBA program features faculty with extensive real-world experience in project management and related fields, giving students access to both academic and practical insights. Students also benefit from LTU's strong industry connections, providing networking opportunities that can lead to valuable career advancements.

Roadmap to Success

Student Reviews

I would like to extend my gratitude to the entire GlobalGrads team who made it so easy for me to live my dream of experiencing overseas education. They helped me at every step of the study abroad application process, which left me with ample time to focus only on my academics.

Eishvak Sengupta

To any student considering abroad education, I strongly recommend the GlobalGrads Pathway program since it's more than just a pathway to your master's degree abroad; it's a transformative journey of personal and academic growth. From the initial consultation to the moment I stepped foot on campus overseas, the support I recieved was unparalleled.

Piyush Arora

I am glad to have been a part of the GlobalGrads Pathway Program. According to me, what sets the program apart is its personalised approach. Unlike other service providers, they didn't push me to pick from the pool of several foreign universities but, took the time to understand my academic interests, career goals, and financial constraints to recommend the best-fit institutions. This tailored guidance was invaluable and was a great add-on to the many benefits of studying abroad.
